

NAVAN DAILY DETOX PLUS™

Toxic metals such as lead, cadmium, mercury, and arsenic are widely found in our environment. No matter how hard you try to avoid it, your body is constantly being exposed to these harmful metals and toxins.

They are in the air we breathe, the water we drink, in our food and personal care products. Exposure to mercury, for example, comes from our diet through the consumption of fish (remember the sushi you ate last week?). Lipstick, whitening toothpaste, moisturizer, sunscreen and many other products you use every-single-day have been found to have toxic metals (some naturally occurring and some added).

Needless to say, your body is forever defending itself against these toxins. And long-term or chronic exposure to heavy metals and toxins can seriously affect your health.

Enough is enough. It's time to get rid of the bad and make room for the good. DAILY DETOX Plus is the only micronized and activated natural zeolite suspension formula available on the market today. It works by producing a net negative charge that traps toxins and impurities, and then safely removes them from the body.

DAILY DETOX Plus is formulated using Clinoptilolite, a Zeolite that has been proven safe for long term use and is the subject of more than 14 clinical studies.

BENEFITS

- Helps safely remove heavy metals such as lead, mercury, arsenic, cadmium, and other toxins
- Helps maintain proper pH levels in the body
- Helps remove pesticides, herbicides & dioxins from the body
- Reduces viral load

- Supports immune system function
- Supports the body's ability to trap free radical molecules, making it an effective antioxidant
- Helps prevent premature aging by removing the toxic load allowing our body's normal repair and regeneration mechanisms to work more efficiently
- Many detox solutions leave you feeling drained because they indiscriminately remove healthy minerals. Daily Detox removes only unhealthy ions, allowing your body to make way for the good.

HOW MUCH TO TAKE

Detox Dose (First Month): Take 10 drops/4x a day with water

Maintenance Dose: Take 10 drops/2x a day with water before breakfast and dinner

Repeat Detox Dose every 6-12 months.

Daily Detox can be used at the same time as our Restore product!
