

# 14 AMAZING HEALTH BENEFITS OF ZEOLITE

## WHAT ARE ZEOLITES?

Zeolites are a group of crystalline, hydrated alkali-aluminum silicates, occurring naturally in sedimentary and volcanic rocks. Even though there are 40 known zeolite minerals, only one has the reliable safety and efficacy known and used for more than 800 years. This amazing crystal of clinoptilolite zeolite has a negatively charged cage-like structure. Don't worry. The aluminum associated with this zeolite is tightly bonded as part of the crystalline structure and is NOT free aluminum. It would take more than 600 degrees Fahrenheit to break the bond. Because of its charge and structure, this zeolite makes it Earth's gift to all life forms. Without it grabbing up heavy metals, our Earth as we know it may not be habitable. Through the research and brilliance of one man, biochemist Rik Deitsch, we now have the crystal zeolite returned to its original clean form, the original blueprint of magnificent creation in which this negatively charged mineral captures and contains heavy metals. Now, you can also capture and contain heavy metals for elimination easily and safely, only with Cell Defender, Detoxolite™ by [Avini Health](#).

## WHY SHOULD YOU USE AVINI CELL DEFENDER DETOXOLITE™?

There are at least 14 Amazing Health Benefits. When you begin your journey and try Cell Defender, you become an explorer like us – someone who figures out the best way to use Cell Defender personally. Then, it's my greatest hope that you continue to use and share Avini products. It's a mission of mine, and I hope you'll join me! Let's schedule a time to talk about the benefits you want to gain from Avini Cell Defender, our products, community, and business opportunity. [Contact Rosemary now.](#)

### 1. EXTREMELY SAFE AND NON-TOXIC

Detoxolite™ Zeolite is completely natural and 100% non-toxic. It works passively, floating through the bloodstream and is totally eliminated from the body after 3 to 6 hours. Safe for pregnant and nursing women, small children, people and pets of all ages, with no drug interactions or side effects, zeolite may be the safest supplement ever and is given GRAS status by the FDA.

### 2. REMOVES HEAVY METALS

Detoxolite™ Zeolite has the perfect molecular structure and perfect negative charge for capturing and safely removing heavy metals from the body, including mercury, cadmium, lead, arsenic, aluminium, tin and excess iron. It also removes radioactive metals like cesium and Strontium-90. These toxins, once captured by zeolite, are eliminated through the body's natural process of urination.

### 3. REMOVES PESTICIDES, HERBICIDES AND DIOXINS

Many of these toxins are too large to fit into the zeolite cage structure but may in fact become sandwiched between zeolite cages. Zeolite "loves" toxins like benzene, toluene, di-chlorobenzene and other organic toxins and traps them between zeolite cages. Also, when zeolite cleans the liver and kidneys, these organs become more efficient at helping the body to filter and detoxify the blood.

#### 4. REDUCES VIRAL LOAD

Viruses cause damage to the body by turning our own cells into virus factories. Though zeolite does not remove the entire virus, it does pick up the viral components created during the manufacture of new viruses. Zeolite effectively stops the process, helping your immune system to get ahead of the infection.

#### 5. REDUCES ABSORPTION OF HARMFUL NITROSAMINES

Nitrosamines (or nitrates), most commonly found in processed meats, have been linked to pancreatic, stomach and colon cancer, as well as to Type II diabetes and certain types of blood or spleen cancers. Detoxolite™ Zeolite captures nitrosamines in the digestive tract before they can be absorbed.

#### 6. HELPS BUFFER BODY pH TO A HEALTHY ALKALINITY

For good health and optimal body function, Detoxolite™ Zeolite attracts and then buffers the body's pH to help many conditions exacerbated by an acid body; acid reflux, Candida and arthritis.

#### 7. HELPS TO BUFFER BLOOD SUGAR

Excess sugar in the blood is picked up by Detoxolite™ Zeolite, helping to balance blood sugar levels, thus reducing potential damage associated with diabetes.

#### 8. HELPS REDUCE CANCER RISK

Evidence is accumulating that Detoxolite™ Zeolite not only removes toxins associated with cancer (75% or more of cancers are believed to be toxin-related), but there is some evidence that it can also destroy cancer cells directly by triggering the P-21 tumor repressor gene. Detoxolite™ Zeolite may be a useful supplement to integrate into a treatment program.

#### 9. IMPROVES NUTRIENT ABSORPTION

Studies show that when zeolite is added to nutritional supplements or to the diet of people and animals, nutrition absorption is improved. Detoxolite™ Zeolite also helps promote healthy gut microorganisms, decreasing the likelihood of stomach flus and infections.

#### 10. ACTS AS A POWERFUL ANTIOXIDANT

The cage-like structure of Detoxolite™ Zeolite traps free radical molecules known to cause cell damage and premature aging, making it effective and potent as an antioxidant, especially when used in conjunction with nutrient antioxidants such as Vitamin C.

#### 11. REDUCES SYMPTOMS OF ALLERGIES

Detoxolite™ Zeolite captures allergens and antigens that trigger allergies, migraines, and asthma, and helps to reduce symptoms.

#### 12. INCREASES IMMUNE SYSTEM FUNCTION

Since Detoxolite™ Zeolite removes the toxins and pathogens that depress immune function and interfere with hormone balance; Detoxolite™ Zeolite effectively helps modulate the immune system.

Benefits may include reduced yeast, viruses and bacteria as the immune system works better resulting in a feeling of increased energy, clarity and vitality.

### 13. HELPS PREVENT PREMATURE AGING

Many people show signs of aging due to a build-up of toxins. Detoxolite™ Zeolite helps the body's normal repair and regeneration mechanisms work efficiently.

### 14. EXTREMELY EASY AND PLEASANT TO TAKE

You might wonder how a few mineral drops in a little bottle can do so much. Take Detoxolite™ Zeolite orally and apply topically where needed. There's no taste and drops can be easily taken any time, with or without food, with no side effects. Keep a bottle handy anywhere to detox at any time you need it.

### WOULDN'T IT BE GREAT TO GROW A NEW BODY, CLEAN AND CLEAR OF TOXICITY?

Most people are unaware of their personal toxicity – their immeasurable load of heavy metals and other toxins hiding in all body tissues, sequestered in bones, brain, joints, and fat. Even though the liver and kidneys work hard to filter and reduce the body burden of toxicity, eventually it becomes impossible to keep up. To find out more about your personal toxicity, [take my Personal Toxicity Test](#).
